Gloria, I spoke to Carlene Chambers, Karen Bond, and Helen Neumann. They do not see a problem with having the PRPs placing 50K (for the TAG) and additional \$ for the State and Federal Natural Resource Trustees into a special account. Karen informed me that the details on how we and the trustees can draw from the account can be worked out later, e.g., through IAGs, CAs, etc. She said there are several mechanisms. Please prepare draft language for these additional monies in the Order. I don't believe the language needs to be specific on how we draw from it, only that the PRPs need to fund the special account and when. I will be meeting with the trustees this week to discuss their \$ projections for the RI/FS. Thanks.
